

# LET YOUR VOICE BE HEARD!

## PARTICIPATE IN THE RALLY FOR MEDICAL RESEARCH HILL DAY

JOIN US  
SEPTEMBER 13-14, 2017

Federal funding for medical research is critical to the health and well-being of our citizens and for the economic security and global leadership of the United States. In fiscal years 2016 and 2017, Congress provided the first significant increases in funding for the National Institutes of Health (NIH) in more than a decade. Now is the time to build on that momentum by urging Congress to continue making medical research a national priority by providing robust, sustained, and predictable funding increases for the NIH in 2018 and beyond.

Join a broad coalition of stakeholders representing millions of patients and other advocates from the medical research advocacy community on September 13-14, 2017, for the next Rally for Medical Research Hill Day and help raise awareness of the urgent need for continued investment in the NIH to improve health, spur more progress, inspire more hope, and save more lives.

### **SCHEDULE**

#### **Wednesday September 13**

- 3:00-4:30 p.m. CAPITOL HILL DAY TRAINING SESSION  
Grand Hyatt, Washington DC
