

# LET YOUR VOICE BE HEARD!

Participate in the  
Virtual Rally for  
Medical Research Hill Day

September 22-23, 2021

Robust, sustained, and predictable annual funding increases for medical research are vital to the health of Americans and the United States' global leadership in research and innovation. The Rally for Medical Research unites millions of Americans across the country to call on our nation's policymakers to make life-saving medical research funding a national priority.

This unified call to action, which was launched in April 2013, continues to raise awareness about the critical need for an increased investment in the National Institutes of Health (NIH) to improve health, spur more progress, inspire more hope and save more lives.

On September 23, 2021, join the Virtual Rally for Medical Research Hill Day, as a broad coalition of groups from the medical research advocacy community will virtually meet with House and Senate offices to urge Congress to make funding for the NIH a national priority.

## SCHEDULE OF EVENTS

**Friday, September 17, 1:00 pm – 2:00 pm EDT**  
**VIRTUAL TRAINING FOR ALL RALLY HILL DAY PARTICIPANTS**

**Wednesday, September 22, Time TBD**  
**VIRTUAL RECEPTION TO CELEBRATE MEDICAL RESEARCH**

**Thursday, September 23, 9:30 am – 5:30 pm EDT**  
**VIRTUAL RALLY FOR MEDICAL RESEARCH HILL DAY**

Meetings with House and Senate offices will take place via video/phone conference. Participants in time zones other than EDT will have their meetings begin at 9:30 am in their local time zone. All meetings will be scheduled to end by 5:30 pm EDT.

**MAKE PLANS** to join us September 22 and 23 when researchers, clinicians, survivors, and other advocates will come together virtually to speak with one voice about the importance of robust and sustained funding increases for NIH!
