RallyForMedicalResearch.org

TENS OF MILLIONS OF AMERICANS

Affected by diseases that the 350 partnering organizations are dedicated to eradicating.

*Francis Collins, MD, PhD,
Science Advisor to the
President (Acting)*

In 2022, the Rally for Medical Research Hill Day were extremely successful, as more than 250 advocates representing more than 30 states took part in 190 meetings. Additionally, the Rally Hill Day Reception to Celebrate Medical Research, which took place the day before the Rally Hill Day, featured inspiring messages from leading administration officials and policymakers on Capitol Hill, including

- White House Science Advisor Francis Collins, MD, PhD
- Acting Director of the National Institutes of Health Lawrence A. Tabak, DDS, PhD
- Senate Majority Whip Dick Durbin (D-IL)
- Congressman Fred Upton (R-MI)
- Congresswoman Kathy Castor (D-FL)
- Congressman David Trone (D-MD)

Therefore, please join us for the upcoming 11th Annual Rally for Medical Research Hill Day, which will take place in Washington, D.C. on Thursday, September 14, 2023 (with another inspiring Rally Hill Day Reception taking place during the evening before on Wednesday, September 13). Your sponsorship of the Rally for Medical Research Hill Day is crucial to ensuring the event's continued success.

WHAT IS THE RALLY FOR MEDICAL RESEARCH?

Robust, sustained, and predictable annual funding increases for medical research are vital to the health of Americans and the United States' global leadership in research and innovation. The Rally for Medical Research unites millions of Americans across the country to call on our nation's policymakers to make life-saving medical research funding a national priority.

This unified call to action, which was launched in April 2013, continues to raise awareness about the critical need for an increased investment in the National Institutes of Health (NIH) to improve health, spur more progress, inspire more hope and save more lives.

On September 14, 2023, join the Rally for Medical Research Hill Day, as a broad coalition of groups from the medical research advocacy community will meet with House and Senate offices to urge Congress to make funding for the NIH a national priority.
